Message from

CHAIRMAN

Ritesh Ranjan
Chairman

The real difficulty is that people have no idea of what education truly is. We assess the value of education in the same manner as we assess the value of land or of shares in the stock-exchange market. We want to provide only such education as would enable the student to earn more. We hardly give any thought to the improvement of the character of the educated.'

These lines by Mahatma Gandhi show that education is not a mechanical process only rather it is a process of the transformation of personality. I also feel that education should be the like the medal of success, which helps in building the nation rather than just the way to get a degree.

AHETI as a splendid temple of learning welcomes you to become the part of it by equipping yourself with the acumen to address local and global challenges no matter how far you reside, no matter you work somewhere at the same time. I would like to congratulate you on choosing AHETI. AHETI with its vision to contribute in academic, professional, cultural and social environment of the levels of individuals and communities, tries to instill a spirit of professionalism, social responsibility and sense of patriotism by providing optimum opportunities to grow academically and intellectually, thus shaping its students into a well rounded human being.

Message from Principal

First and foremost I would like to express my deep sentiments of gratitude to every one of you for your constant support, love and concern towards the college which enables and encourages us to strive hard to carry forward the mission of spreading value-based knowledge to one and all.

Education is not an act of acquiring knowledge but learning a skill to lead life and forming one's personality. This is an ennobling process of growth. I can boldly say that we have excelled in every initiative that we undertook and we have stood together in facing the challenges in realizing quality education. We focus on discovering, developing and drawing out the hidden talents and the magic lying dormant inside all of its students.

I am very happy with the progress the college has made by imbibing in its students value based education synergized with modern teaching-learning methods to produce a generation of well informed and emotionally sound generation. I am positive that in times to come we will continue this journey with elevated enthusiasm and persistently provide a platform of holistic learning to the young generation of learners.

I convey my best wishes to all the students and their parents for a good education and successful future.

ANTI RAGGING

- Ragging is a disturbing reality in the higher education system of our country. Despite the fact that over the years, ragging has claimed hundreds of innocent lives and has ruined the careers of thousands of bright students, the practice is still perceived by many as a way of 'familiarisation' and an 'initiation into the real world' for young college-going students.
- The Ragging is defined as any disorderly conduct, whether by words spoken or written or by an act, has the effect of teasing, treating, or handling with rudeness a fresher or a junior student.
- Indulging in a rowdy or undisciplined activity that causes or is likely to cause annoyance, hardship, or psychological harm or to raise fear or apprehension thereof in a fresher or junior student.
- Asking the students to do any act or perform something that such students will not do in the ordinary course and which has the effect of causing or generating a sense of shame or embarrassment so as to adversely affect the physique or psyche of a fresher or junior student.
- This can lead to adverse effects such as depression, anxiety, and sometimes even suicide.

Punishment Provisions

Any student or group of students found guilty of ragging on campus or off campus shall be liable to one or more of the following punishments:

- Debarring from appearing in any sessional test/ university examination or withholding results.
- Suspension from attending classes and academic privileges.
- Suspension from the college for a period of one month.
- Cancellation of admission.
- Expulsion from the institution and consequent debarring from admission to any other institution.
- Fine up to twenty five thousand rupees.
- Imprisonment for a term which may extend to two years or with fine which may extend to ten thousand rupees or with both.
- Collective punishment - When the students committing or abetting the crime of ragging are not identified, the institution shall resort to collective punishment as a deterrent to ensure community pressure on the potential raggers. Any institution that fails to take adequate steps to prevent ragging or fails to act in accordance with the Regulations or fails to punish perpetrators or incidents of ragging suitably is liable to the penalties and punishments as per the provisions of the Regulations.
